DRK-A5

5 piece set of Drum/Instrument Microphones

Description

The model DRK-A5 kit contains five (5) Drum/Instrument microphones specifically designed for miking drums, guitars, etc. and are priced at a substantial savings! This kit contains one (1) PRA-218A engineered for use with low frequency instruments-kick drums, kettle drums, etc. and four (4) PRA-228A's tailored for use with snare, toms, guitars, etc. Offering excellent low-mid frequency response, this series of microphones was designed with easily adjustable mounts.

Features

PRA-218A

- Ideal for capturing the low frequency spectrum of low frequency instruments like kick & kettle drums
- Capable of high sound pressure levels, wide dynamic range, & low distortion

PRA-228A

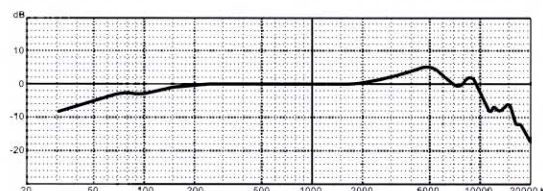

- Flat & smooth in low/mid frequency response
- Wide dynamic range, low distortion
- Engineered for use with instruments requiring good low/mid frequency reproduction-snare, toms, guitars etc.
