

## SPECIFICATION SHEET

### Models DV73, DV73S

### Dynamic Vocal Microphones

#### DESCRIPTION

Avlex's DV70 Series of dynamic vocal microphones represents the **ultimate in vocal performance**. Neodymium elements provide high output with superb feedback rejection. The specifically tailored frequency response ensures that you sound the best you can. The rugged steel grilles and solid construction attest to their roadworthiness.

#### FEATURES

##### DV73, DV73S

- Cardioid polar pattern
- High output neodymium element
- Vocal-tailored frequency response
- Outstanding gain before feedback
- Heavy Duty solid construction
- Integrated pop filter
- ON/OFF Switch (DV73S)

#### APPLICATIONS

Excellent for live vocals as well as horns, guitar, and toms

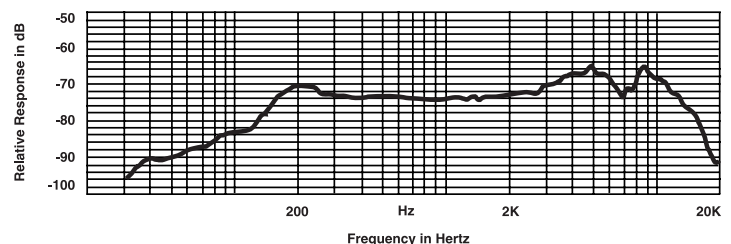

#### SPECIFICATIONS

	DV73	DV73S
<b>TYPE:</b>	Dynamic	
<b>ELEMENT:</b>	Neodymium	
<b>PATTERN:</b>	Cardioid	
<b>FREQ. RES.:</b>	50Hz-15KHz	
<b>IMPEDANCE:</b>	250Ω ± 30%	
<b>SENSITIVITY:</b>	-72dB ± 3dB <small>0dB=1V/Microbar</small>	
<b>WINDSCREEN:</b>	Integrated Pop Filter	
<b>CONNECTOR:</b>	Gold-plated 3-PIN XLR-Male	
<b>DIMENSION</b>	186.4mm (7")	
Length:	52mm (2")	
Max Dia.:		
<b>WEIGHT:</b>	350g (12.19oz.) microphone only
