

#### MA-705

Avlex Corporation's **MIPRO MA-705** is the choice of professionals needing portable wireless sound reinforcement for medium-sized venues up to 800 people whether stand mounted or set on a table top.

This light-weight battery powered wireless PA delivers 50 watts of high fidelity sound wherever it is needed. The MA-705 PA is extremely versatile with options for up to two MIPRO ACT UHF true-diversity frequency agile wireless microphone modules and a built-in CD player.

The MA-705 is a compact powerhouse that is big on value. It gives you the ability to mix additional balanced or unbalanced mic and line audio sources such as wired microphones, MP3 players or other audio inputs wherever you are.

The MA-705's light and handy design, clear and powerful sound are ideal for many applications. It's well appointed features make it an excellent and affordable solution for schools, places of worship, corporate meeting rooms, seminars, election campaigns and other venues.
