

HS-90 Single Ear Headworn Microphone

With a capsule diameter of just 3 mm, the HS-90 provides a super low-profile combined with high-performance audio. This omnidirectional condenser head worn mic offers a lightweight single ear design with a flexible gooseneck boom and ear loop that hooks over either ear for a secure, inconspicuous, comfortable fit that provides maximum freedom of movement with or without glasses. The flexible gooseneck style boom can be easily manipulated by the wearer without fear of crimping or damaging the delicate wires inside.

The HS-90 comes with two screw-on replaceable audio cables, acoustically transparent windscreens and a MIPRO wireless bodypack adaptor. Additional optional adapters are available for use with Shure, AudioTechnica, AKG, Sennheiser, Electro Voice, Lectrosonics, Sony and other belt packs. Optional 'Red Dot', (RD), adaptors have a built in 15dB pad for use with MIPRO, AudioTechnica, AKG, Electro Voice and Shure belt packs.

The HS-90 is available in black, cocoa brown or beige. It ships in a leatherette case. The HS-90 is a comfortable single ear headworn mic that is a perfect solution for House of Worship, Theater, Lecturers, Broadcast, Corporate A/V, and other applications where premium intelligible sound and low visibility are required.
